Criteria	Non-satisfactory		Satisfactory		Exemplary	
Title page	Mostly incomplete		Small omissions	0.25	Completed	0.5
Data	Measurements incorrect (blunders) or missing	0	Measurements performed with some errors or omissions	0.25-2.25*	Measurements performed as instructed,	2.5
Lattice constants					Values assigned correctly to rings.	0.5
Uncertainties derivation of formulas	Derived incorrectly	0	Derivations performed with some errors or omissions	0.25-0.75*	Derived quantities correctly	1.5 (0.75 each)
Graphs	Units not added AND ranges not adjusted	0	Units not added OR ranges not adjusted	0.5 (0.25 each)	Units added and ranges adjusted	1.0 (0.5 each)
Lattice constants	Both values calculated incorrectly from slopes AND work NOT shown	0	Values calculated incorrectly from slopes OR work NOT shown.	0.5 (0.25 each)	Both values calculated correctly from slopes (work shown)	1.0 (0.5 each)
Lattice constant uncertainties	Incomplete AND incorrect	0	Incomplete OR incorrect	0.25-0.75*	Derived quantities correctly	1.0
Comparison of the theoretical and experimental values	Values compared but the method used does not follow GUM standards	0	Values compared but the method used does not fully follow GUM standards	0.5 (0.25 each)	Both values compared using t-test and uncertainties	1.0 (0.5 each)
Discussion – sources of errors	Not logical AND NOT relating to obtained results	0	Not logical OR NOT relating to obtained results	0.25-1.75*	Logical and relating to obtained results	1.0
Late arrival	Up to 20 min late	-1			On time	0
Late submission	Up to 30 min late	-1	Up to 15 min late	-0.5	On time	0

* Increments of 0.25
